

pipeline / terminal

⌘ ssoe®. making clients successful.

Why SSOE? The SSOE Experience is the combination of our Value Promise and Great Client Service that results in trusted relationships.

To consistently exceed clients' expectations is a common goal in our industry. So, how is our promise of outstanding performance any different from others? We have proof. Greater than 91% of clients we surveyed would recommend SSOE Group to a colleague. And more than 150 of our clients have been with us for at least 20 years. These endorsements are a result of our Great Client Service—our corporate-wide commitment to understand and exceed your expectations and deliver unexpected benefits.

For decades, we've found ways to deliver greater value to clients. You can count on us to deliver high quality projects, on schedule, with fewer problems, and for lower total cost to save you time, trouble, and money. Through this Value Promise SSOE returned 126% of our fee to clients in the form of project savings over the last 3 years.

Advantages

- You'll have access to a broad range of in-house services to handle projects of any size, scope, and level of complexity, and you'll work with a team of experts who've completed more than 1,000 pipeline and terminal projects with major oil and gas companies.
 - We've worked through many projects that posed challenges of one type or another. In the process, we've gained the knowledge to develop better, often unique, options.
 - We adhere to ISO certified quality system procedures and stay up-to-date on new requirements imposed by governing bodies.
-

“It’s critical that our project teams work together seamlessly and follow our processes. That’s one reason we’ve worked with SSOE on several projects. Their designers and engineers have been reliable and professional. SSOE consistently met its deadlines, which made it easier to realize our goal of working within budgets and schedules.”

Ted Blum, Terminal Engineering Supervisor
Marathon Petroleum Company, LLC

David Mack, Terminal Engineering Supervisor
Marathon Petroleum Company, LLC

Representative Clients

- ANR Pipeline
- Consumers Energy
- El Paso Energy
- Enbridge Pipeline
- EPCO
- Great Lakes Gas Transmission
- Magellan
- Major Pipeline
- Marathon Petroleum Company, LLC
- Merit Energy
- Michigan Consolidated Gas
- Owens Corning
- Shell
- TransCanada Pipeline
- Texas Gas Transmission
- Vectren Energy

Technical Specialties

- Above ground storage tanks
- Anomaly remediation
- Asphalt and petroleum loading and unloading
- Asphalt blending systems design
- Asphalt vapor abatement system design
- Biodiesel / ethanol storage
- Blast resistant building construction
- Compression / pumping station design
- Conceptual design
- Commissioning and start-up
- Cost estimating and budgeting
- Distribution system mapping
- Electrical power distribution upgrades
- Electrical power quality and reliability
- Environmental compliance
- Equipment specifications
- Feasibility studies
- Fuel blending / biofuels blending
- Heat trace systems
- Launcher / receiver design
- Load rack fall protection / safety improvements integration
- Noise control
- Pipe stress analysis
- Pipeline design
- Pipeline integrity
- Polymerized asphalt production facility design
- Process automation, PLC, and HMI programming
- Process hazard reviews
- Process instrumentation and controls
- Process simulation
- Procurement
- Project close-out / as-built drawings
- Project management
- Project scheduling
- Storage field gas processing
- Systems integration, control system, and SCADA upgrades
- Terminal facility (truck, rail, and marine)
- Terminal piping systems design

Project Types

- Asphalt terminals
- Cast iron / bare steel replacement
- Compressor stations
- Electrical infrastructure upgrades
- Gas distribution system design
- Mainline valve stations
- Metering stations
- New stations
- Odorization system
- Pipeline relocation
- Pipeline terminals
- Power system evaluations / upgrades
- Product storage terminals
- Regulator stations
- Retrofits / upgrades pumping stations

Rankings

Engineering News-Record (ENR), 2015

- Top 10 Manufacturing Design Firm for the past 4 years
- Top 20 Chemical Plant Design Firm for the past decade
- Top 100 Green Design Firm for the past 7 years

Building Design + Construction, 2015

- Top 10 BIM Engineering Firm for the past 4 years
- Top 10 Engineering / Architecture Firm for the past 3 years
- Top 10 Industrial Sector Engineering Firm for the past 3 years

SSOE Facts

- SSOE was founded in 1948 and currently has more than 20 locations worldwide.
- We are a global engineering, procurement, and construction management (EPCM) firm with projects in more than 30 countries.
- SSOE offers program management services from design through construction, to commissioning and start-up, for seamless project delivery.
- Our project management standards are drawn from the Project Management Institute. In fact, SSOE's goal is to have all of our project managers earn its prestigious designation of Certified Project Management Professional (PMP).
- Our energy consulting group offers a holistic approach to meeting your renewable energy, conservation, and sustainable design goals. We have more than \$1 billion in projects that have been LEED® certified.
