

Federal Government

Why SSOE?

SSOE Group is a global Engineering, Procurement, and Construction Management firm (EPCM) serving government, energy, manufacturing, and life sciences clients. We were founded in 1948. We believe adding value and offering Great Client Service come first. We act on this belief by quantifying and documenting the time, trouble, and money we save our clients on each project. In terms of dollars, we document savings for clients that equal 124% of our revenue annually.
