

SSOE in the Southeast

EXPERTS IN ARCHITECTURE, ENGINEERING, & CONSTRUCTION MANAGEMENT

SSOE has more than 40 years of experience delivering projects in the Southeast U.S. to clients in the automotive, manufacturing, chemical, food and beverage, healthcare, and commercial industries. Our diverse pool of engineering, architectural, and construction management professionals in five Southeast

U.S. offices—*Atlanta, Georgia; Birmingham and Huntsville, Alabama; Nashville, Tennessee; and Columbia, South Carolina*—is complemented by 11 additional SSOE offices across the U.S. and globally in Mexico and India.

With the expert resources of a nationally recognized global project delivery firm and the immediate attention of a local firm, SSOE brings experience and problem-solving finesse to your backyard. Our extensive in-house capabilities support multiple project delivery methods resulting in seamless services from concept to completion. Guided by Lean Principles, we strive to meet client objectives, drive down costs, and compress schedules by challenging criteria, providing innovative design solutions, and integrating cutting-edge technology. Our local presence combined with SSOE's global footprint also enables us to be especially effective in supporting European and Asian based clients as they expand their operations into the Southeast U.S.
