"For Safety's Sake - Do Something"

SSOE GROUP IS A PROJECT DELIVERY FIRM FOR ARCHITECTURE, ENGINEERING, AND CONSTRUCTION MANAGEMENT.

CRIME OF OPPORTUNITY

SSOE has had multiple reports of backpacks (with laptops) stolen out of vehicles. This has happened in a variety of locations, not just at work. Not only is it costly for SSOE to replace the laptops, but stolen laptops increase the chance of a security breach. Employees must take measures to protect their property, as well as SSOE property. Most automobile thefts or break-ins are either a crime of opportunity or a result of a thief canvassing a location or situation. Here are some common sense tips to help prevent automobile theft or break-ins at home, work, and while traveling.

- Lock your doors.
- Keep your windows up.
- Don't leave your car running.
- Clean the GPS ring off the windshield.
- Park your car in a well-lit area.
- Park your vehicle where it is visible from the street.
- Use anti-theft device whenever you leave your vehicle.
- Do not leave anything in plain sight (valuables, spare keys, electronics, backpacks).
- If you must leave valuables in your vehicle put them in the trunk before reaching your destination. Doing this will prevent would-be thieves from knowing what is in your vehicle.

**IF YOU ARE THERE WHEN SOMEONE IS STEALING YOUR CAR
OR ITEMS FROM YOUR CAR, DO NOT BE A HERO.**

YOUR GOAL IS TO SURVIVE THE SITUATION UNHARMED.

CALL THE POLICE ONCE YOU ARE SAFE.
