“For Safety’s Sake - Do Something”

Fall is coming soon. Here are some reminders for yard cleanup season...

-  Wear protective gear (gloves, goggles, ear protection (if necessary), and protective clothing.
-  Follow all safety procedures when using tools (power and non-power), and make sure guards are in place on all power tools.
-  Check you local laws about burning leaves (We don't recommend burning them, we recommend playing in them - except when they're in the street!)
-  Be cautious of hidden objects in leaf piles (garden tools, animals, children, etc.)
-  Remember ladder safety. Be cautious using ladders and maintain 3 points of contact. Watch for overhead lines that can electrocute you.
-  Maintain a 360 degree view in all areas when using equipment to ensure others are safe.

At home, work or play, it's Safety every day! Safety Always!
